

Basic information concerning all turns of registration

You need to login to the website <https://usosweb.sgh.waw.pl/>

Next you need to go to **STUDENT'S SECTION**, in which all further declaration steps take place.

Depending on the specifics of each turn we use:

- **Calendar** (it shows all available registrations for the student, from which you move to the proper turn of declaration: subject, seminar, field of study – only Undergraduate Studies);
- **Cart** (shows subject for which the student is subscribed at the moment);
- **Schedule** (besides the current student's schedule, it shows up-to-date changes in subjects during registration).

The screenshot shows the website interface for the SGH Warsaw School of Economics. At the top, there is a navigation bar with the school's logo and name, and a menu with options: NEWS, DIRECTORY, MY USOSWEB, **STUDENT'S SECTION** (highlighted), STAFF SECTION, and COMMON SECTION. Below the navigation bar is a sidebar menu with categories: INDEX, REGISTRATIONS (with sub-items: calendar, cart, for courses, direct for groups, group preferences), SCHEDULE, REGISTRATIONS FOR EXAMS, MY STUDIES (with sub-items: tests, grades, applications, rankings, stipends, student mobility, surveys, payments fk, diplomas, mlegitymacja), and MEETINGS. The main content area is a grid of 12 service tiles, each with an icon and a brief description:

- Tests**: Test sets and rules for course completion - tasks, exams, grades and their relations.
- Final grades**: Current final grades for courses you completed.
- Applications**: Submit applications to the dean, view submitted applications and see the dean's decisions.
- Rankings**: View your ranking positions.
- Scholarships**: Check awarded scholarships, change the account number for your scholarship.
- Student Exchange**: Browse opportunities available under the Erasmus+ student exchange program.
- Surveys**: Take a survey or view survey results.
- Payments (model FK)**: Check the university's bank account number for your payments.
- mLegitymacja**: Order mLegitymacja.
- Course schedule**: Course schedule.
- Jednorazowe kasowanie**: Jednorazowe kasowanie.

Registration for subjects:

Subscriptions with teacher's consent

This stage is available for all students, also for those who didn't participate in earlier stages. This is the last stage of registration, that means it is the last possibility to subscribe to classes.

During this stage all launched subjects are available, but some places in the groups is taken, an in case of some subjects there are no more free places.

In this stage there is possibility to:

- subscribe to classes within free places – up to **upper limit**. (ATTENTION – **you can't resign from subject added this way**, that means after sending the request for subscription the system will add this subject to your schedule and there will be no possibility of changing it, and the subjects will be mandatory for realization in given semester);
- submitting the request for subscription to groups, in which limit of places is full or above the limit, but in this case subscription is for teacher to decide. Until the teacher's decision, there is a possibility to retract the request of subscription. **After the positive decision of the teacher, there will be no more possibility to retract request and resign from subject**. That way the subject is added to your schedule and it is mandatory for realization in given semester.

ATTENTION – In this stage there is no possibility to resign from previously declared subjects.

In this stage you should use **Calendar**, **Cart** and **Schedule** will also be found useful:

The screenshot displays the SGH Warsaw School of Economics website interface. At the top, the logo and name "SGH Warsaw School of Economics" are visible. Below the header, a navigation bar includes "NEWS", "DIRECTORY", "MY USOSWEB", "STUDENT'S SECTION" (highlighted in yellow), "STAFF SECTION", and "COMMON SECTION". On the left, an "INDEX" sidebar lists "REGISTRATIONS" with sub-links for "calendar", "cart", "for courses", "direct for groups", and "group preferences", and "SCHEDULE" (highlighted in yellow). The main content area features six tiles: "Tests" (with a 4+ icon), "Final grades" (with a 4+ icon), "Applications" (with a document icon), "Rankings" (with a - 1 icon), "Scholarships" (with a left arrow icon), and "Student Exchange" (with a blue arrow icon).

In the beginning it is worth to check which classes were already declared (or added by the system – in case of basic mandatory subjects). Subjects, which realization will be mandatory on given semester will be visible in **Cart**:

Filters

In this stage time is of essence, so it is worth to use **filters** available in registration:

Courses in registration
Registration 20231: Full-time Undergraduate Studies REJ-20231-I-LIC-D

[← go back to the registration calendar](#)

SEARCH FILTERS

Show courses in

Polish English German

Show basic courses

Show major courses

Show major elective courses

Show mandatory courses for the next semester

Show free choice courses

Show courses dedicated to my study programme

Search according to a course code:

Search according to a course title:

Show only these courses which I am able to register for **1**

Apply

show course groups in separate column

Available search options:

- by code, you should enter:
 - maximum of 6 digits (without the code of the lecturer – four digits after the dash),
 - first digits of the code – then the system will search all subjects, which begin with those numbers;
- by name, you can enter part of it – then the system will search all subjects, which include the phrase in its name

Show free choice courses

Search according to a course code:

Search according to a course title:

Show only these courses which I am able to register for [i](#)

Described above search filters can be used also to search all subjects (basic, major and connected to current major). However, we suggest to use the available filters, which will facilitate the whole process.

Using below mentioned filter will allow to search subjects that are not connected to your field of study and make it easier:

Show free choice courses

When using the filters you should pay attention to the fact, that using some of them can give empty result (depending on the semester and current study plan).

Courses in registration
Registration 20231: Full-time Undergraduate Studies REJ-20231-LIC-D

SEARCH FILTERS

Show courses in

Polish English German

Show basic courses

Show major courses

Show major elective courses

Show mandatory courses for the next semester

Show free choice courses

Show courses dedicated to my study programme

Search according to a course code:

Search according to a course title:

Show only these courses which I am able to register for [i](#)

If the subjects from given group were already realized, then the list will be empty.

In case of realization of mandatory subject from each section, the list after filtering will be empty. In other case after choosing the correct filter the system will show subjects for realization. You should pay attention to the fact, that with the pair of alternative subjects, in case of finishing one of the subjects, the system will show the second one as subject for realization. According to the plan of studies it is not necessary to take both subjects.

Students of **International Economics** are obliged to do **both Theory of State and European Integration** (one as an basic course, on 4th semester, and the second as major, until the end of studies).

Students of **Management** are obligated to do complete following subjects **Management (110591), Management (Seminar) (110601)** - those two are the same as Management (110641), and **Marketing (110481)** – two as basic subjects, third as major subject.

The filter **Show mandatory courses for the next semester** allows to search all subjects, which are required for the semester for which the declaration is taking place and which are listed as mandatory in the plan of studies for the semester (name and code).

If for the given semester in the requirements (according to the binding plan of studies) there are no specific subjects (name and code), and in the Schedule there is only languages/seminar and required ECTS amount from specific group of subjects, the search result with this filter will be empty.

ATTENTION STUDENTS REGISTERING FOR CLASSES FOR THE LAST SEMESTER OF STUDIES

In case of the last semester in the Schedule there are no specific subjects included. During the declaration for this semester system will verify all subjects previously passed during the course of study and connected to your field of study. After choosing **Show mandatory courses for the next semester** filter, all previously not declared/passed major subjects (also those from alternative pairs of subjects, but if one of the subjects was passed than you don't need to declare the other subject) and all previously not declared/passed connected to your major subjects will be listed.

In case of realization in previous semesters the subjects connected to your major, which amount of ECTS together is minimum 15 ECTS points, you don't need to declare more subjects from this list.

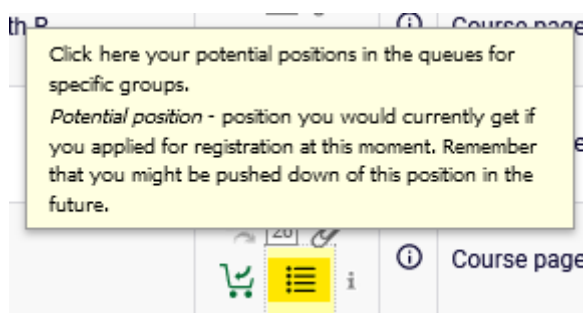

On the last semester for the major subjects, it will be useful to use the filter:

Show courses in	
<input type="checkbox"/> Polish	<input checked="" type="checkbox"/> English
<input type="checkbox"/> German	
<input type="checkbox"/> Show basic courses	
<input type="checkbox"/> Show major courses	
<input checked="" type="checkbox"/> Show major elective courses	
<input type="checkbox"/> Show mandatory courses for the next semester	

The filter will allow you to search all previously not passed major subjects.

Registration for classes or submitting request for subscription above limit
